THE LED-CAPS™ IN ACTION

- See and be seen!
- Perfect anytime the need for safety and better visibility is required
- Ideal for kids and adults of all ages to be used in and outdoors
- Used in sports such as cycling, running, skating, skiing, snowboarding, fishing, horse riding and sailing etc. to improve safety and visibility
- LED-CAPS are great for all outdoor activities such as camping, bush walking, climbing & hunting etc.
- Ideal for kids to use to and from school for fun and safety
- Great for walking in traffic and around the streets at night
- Practical for all trades people and outdoor workers, such as road workers, plumbers, electricians, roofing, mechanics, to name a few
- Useful for all roadside situations such as changing a tyre and mechanical adjustments
- LED-Caps has an unlimited number of practical uses
- LED-CAPS are becoming the fastest selling hats, caps and helmets in Europe and the USA

THE ADVANTAGE OF RED LEDS IN FRONT:

- Red LED's don't reflect of the console.
It gives the captain an unimpaired view while piloting his boat or ship
- Red leds do no disturb fish
- They also do not disturb worms which makes collecting them at night easier.
